

MYP Community Service Requirement

Grades 6 & 7

Student Name _____ Grade _____

As an IB school, MYP students are required to complete 5 community service hours per trimester. For 2018-19, this will start in Trimester 1. The time spent volunteering is meant to build character and skills through real life experience. Students should identify a need in the community, establish a relationship with an organization, and perform volunteer service. Parents play an integral role in supporting their child in this process by helping identify organizations and possibly providing transportation and supervision.

Guidelines:

- ❖ Service may be performed at any community organizations (i.e. non-profit organization, church, library, parks and rec, business...)
- ❖ Service hours count for a participation grade in the Design class.
- ❖ Students must complete a reflection after completing the service hours for each trimester. This counts as an assignment grade in the design class.
- ❖ Service hours must be verified by an individual at the organization where the student volunteered.
- ❖ For grade 8, the volunteer work is a part of the community project.

Trimester	Organization	Tasks Performed	Dates Volunteered	Hours

Total hours volunteered for this Trimester: _____

Organizational supervisor: Please give comments as to the type and quality of volunteer service provided by this student.

Print Name/Title: _____ Date: _____

Signature: _____

Students will complete a new form each trimester to verify the community service requirement.
